	<i>Good Friday: 14.04.2028 Easter Sunday and Monday: 16 and 17.04.2028</i>	

Last updated: July 28, 2025

¹ **FINAL WEEK** (6 days each): This designated week is scheduled each semester across the university and may be used by individual degree programmes for lectures, seminars, excursions, makeup classes, or examinations.

² **INTRODUCTION/EXAMINATION PERIOD** (i.e. from about mid-March/September): As part of this planned phase, colloquia or re-examinations of the previous semester period take place. It also serves to prepare for the new semester (e.g. course-specific introductory day to the degree programme, coordination events).

³ **CENTRAL INTRODUCTORY EVENT** (welcome by university management; usually on the first day of the lecture period): It is possible to offer the program-specific introductory day after the central event in the Auditorium Maximum or during the same day.
